

## Horn Application Warranty Questionnaire

Please provide the requested information below. This form *must* accompany all air horn warranty returns as part of the required documentation.

1. What is the pressure switch shut off?
2. Did compressor come on without using horn?
3. How often are horns being used?
4. How is compressor hooked up (keyed source or battery)?
5. How long has system been in service / purchase date?
6. What size tank is being used?
7. Are the horns a Hadley product?
8. What pressure is the gauge reading?
